This Din Socket features Alloy Din Socket Body, Brass Ring, Spring and Water Resistant Weather Cap.

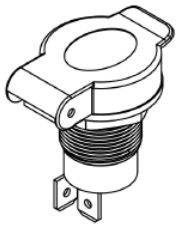

Able to install in BMW & Triumph motorcycles, trucks and caravans for external power supply¡

Specifications: Connector type: Din Socket; Connector: Plug; Rated voltage: 6/12/24v DC; Rated Current: 16 AMP; Contact material: Body(Alloy) and Rings(Brass); Contact plating: Gold Plated

Panel Mount: 18mm Hole

DIN Socket Product Specification

Product Overview

This Din Socket features an Alloy Din Socket Body, Brass Ring, Spring, and Water Resistant Weather Cap.

Application: Able to install in BMW & Triumph motorcycles, trucks, and caravans for external power supply.

Technical Specifications

Specification Item	Details
Connector Type	Din Socket
Connector Gender	Plug / Socket
Rated Voltage	6 / 12 / 24V DC
Rated Current	16 AMP
Contact Material	Body (Alloy) and Rings (Brass)
Contact Plating	Gold Plated
Panel Mount Hole	18mm (Mounting hole size: 18.1 +0.1mm)
Component Materials	Cap (NYLON), Screw (Brass), Body (Aluminium Alloy)

Technical Diagram Reference

Note: The visual layout and precise dimensions (e.g., total height of 32.5mm, outer diameter of 38.1mm) can be verified directly against the original technical drawing blueprint (2017.05.10).
